## I N T R O D U C T I O N

The highly skilled designers, sculptors and craftsmen at Studio Anne Carlton are proud to present the latest collection of their fine quality chess men and chess boards in this brochure, entitled The Chess Set.

Several new models are introduced in The Chess Set collection, which will ensure that Studio Anne Carlton maintain their position as the world's foremost manufacturer of high quality, decorative chess pieces. The richness of finish and attention to detail continue to contribute to the success of the beautiful products of Studio Anne Carlton, which are appreciated in five continents.

### STUDIO ANNE CARLTON

Studio Anne Carlton was established in 1969 to manufacture and distribute traditional adult games with the main emphasis on chess sets. The factory contains a group of very specialised individual workshops enabling the company to manufacture a wide range of products from diverse materials. Each workshop specialises in a different material working in either wood, ground stone, or pewter. Each of these materials demands a different discipline and skill from the craftsmen who fashion the many beautiful products from Studio Anne Carlton.

Studio Anne Carlton has its own woodworking shop whose principal activity is the manufacture of chess boards and chess tables but the shop also incorporates a special area where presentation packaging is originated for the company.

Studio Anne Carlton employs artists and sculptors both in production and for the origination of master pieces. From the artists original sculpture, through the various casting processes, and finally to hand finishing or hand painting, Studio Anne Carlton's products have no equal.
